Western International Corporation  
Silver Maple Mine  
ACT/043/005  
Summit County, Utah

DATE: June 22, 1981

Attached please find a mine and reclamation plan for the Silver Maple Mine and all pertinent documents concerning actions to date by the Division of Oil, Gas and Mining. Please feel free to make these documents available to ECC representatives.

Following is a brief history of Western International Corporation's mine and reclamation plan approval process:

April 15, 1981	Plan was received by DOGM
April 29, 1981	Plan was reviewed by DOGM. This review to the operator incorporated the BLM draft EA stipulations, and those of other State agencies as required by law.
May 7, 1981	The applicant resubmitted in response to review.
May 29, 1981	The Board of Oil, Gas and Mining concurred with the Division's tentative approval and it was published as required in Salt Lake and Summit County newspapers.
June 1981	Protests were received from Summit County and residents of Park City.

A Board Hearing will be held to air the protests at 1:00 p.m., at the Wildlife Resources Auditorium.

It is my understanding from Lee Spencer that Air Quality is writing a permit for the operation and the Department of Transportation has permitted a driveway to the site from a public road on April 17, 1981. The Bureau of Water Pollution Control and the Division of Water Rights have each reviewed the plan and their comments are being addressed or have been addressed by the applicant.
